Either we get government efficient or America goes bankrupt.

That's what it comes down to.

Wish I were wrong, but it's true.

We need to add 2 more men as D.O.G.E. Directors

Trump needs to put these two in charge of appointing Department heads

Trump just named @elonmusk and @VivekGramaswamy to IMPROVE government efficiency.

Efficient government? That's harder than going to the moon!

But these 2 men are better qualified to try to shrink the state than most anyone else.
